

BASIC CHECKING (S4) TO eCHECKING (S14) AUTHORIZATION FORM

I, _____, have authorized Benchmark Federal Credit Union to switch my current Basic Checking (S4) to an eChecking (S14). I am aware that my Basic Checking (S4) will be CLOSED and to access the S4 History within Home Banking, I must click on the History Tab on the left side of the screen and choose the S4 from the drop down menu.

I understand that my eChecking (S14) must meet all account requirements (\$1,000 minimum/Direct Deposit/eStatements) in any given month, or my eChecking (S14) will be charged a \$5.00 monthly fee. If my eChecking (S14) balance remains below the \$1,000 minimum for three (3) consecutive months; it will be converted back to a Basic Checking (S4) and will NOT be eligible to switch back to an eChecking (S14) for at least one (1) year. All fees that apply to my existing Basic Checking (S4) will also apply to my eChecking (S14).

It has been explained to me that I must complete an A2A Authorization Form, which requires approval before I am eligible to enroll and participate in Benchmark’s A2A Service. I verify that I have received a disclosure that outlines the A2A requirements and by enrolling in the Service, I accept these requirements.

By switching to an eChecking (S14) Account, I understand that a benefit is receiving Benchmark’s Online Bill Payer Service for FREE; however, this Service requires that I complete and submit an Enrollment Form. To enroll simply click on the eServices Tab on our web site (www.benchmarkfcu.org) to print, complete and mail/drop off the Enrollment Form at any Benchmark Branch. Once the Enrollment Form has been received, you will receive a confirmation containing your User ID and Password. Your Password can be changed once you have logged onto the Bill Payer System.
